Dear Friends ,

Thank you for doing something amazing by donating to Habitat for Humanity in Monmouth County. You may not realize it but we want you to know that your donation makes a huge impact on the work that we do. Hard working low-moderate income families who simply want a better life for their children, seniors, and the disabled are among the many Monmouth County families that we serve. This simply could not be achieved without the generosity of donors like you.

In 2019, your support will help us to:

- Assist households affected by age or disability live safely in their homes. Our **A Brush With Kindness, Aging in Place, and Ramps and Rails** programs provide interior and exterior repairs including yard cleanups and construction of wheelchair ramps.
- Build multiple new construction homes including:
 - **The House that Youth Built** - a project designed to motivate Long Branch youth to engage in community service and take part in STEM curriculum to design a home.
 - **The House the Rock Built for a Veteran** – a project in Keansburg that engages the community to recognize the service and sacrifice of a Monmouth County veteran
 - **Habitat’s Healthy House** – a project in Long Branch that incorporates healthy home standards to assure a safe and healthy lifestyle.
- Expand our **Neighborhood Revitalization** efforts in Long Branch to have a community-wide impact. This year, we will hold our first **Healthy Streets** neighborhood event.
- Conduct home maintenance and financial counseling workshops that provide residents with the knowledge and tools to live a higher quality of life.
- Continue empowering women through our **Women Build Warriors** network. Members are empowered to take on leadership roles, engage in our mission, and learn new skills.

Thank you for your generous support. We invite you to visit our website at www.habitatmonmouth.org to learn more about the ways in which you can become more involved in our mission.

Very truly yours,
Diane Kinnane
Executive Director
